

## ENERGY STAR CERTIFIED Computers

### DELL - P198G : DB04250

#### Specifications

|                                                                                                                                                                  |                       |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------|
| ENERGY STAR Unique ID:                                                                                                                                           | 3891907               |
| Brand Name:                                                                                                                                                      | DELL                  |
| Model Name:                                                                                                                                                      | P198G                 |
| Model Number:                                                                                                                                                    | DB04250               |
| Type:                                                                                                                                                            | Notebook              |
| Category 2: Processor Brand:                                                                                                                                     | Intel                 |
| Category 2: Processor Name:                                                                                                                                      | Core(TM) Ultra 9 288V |
| Category 2: Base Processor Speed Per Core (GHz):                                                                                                                 | 3.3                   |
| Category 2: Physical CPU Cores (count):                                                                                                                          | 8                     |
| Category 2: System Memory (GB):                                                                                                                                  | 32                    |
| Category 2: Default Low-power Mode:                                                                                                                              | ALPM                  |
| Category 2: Long Idle Power Used for Sleep Mode:                                                                                                                 | Yes                   |
| Category 2: Off Mode (watts):                                                                                                                                    | 0.4                   |
| Category 2: Sleep Mode (watts):                                                                                                                                  | 0.7                   |
| Category 2: Long Idle (watts):                                                                                                                                   | 0.7                   |
| Category 2: Short Idle (watts):                                                                                                                                  | 4.7                   |
| Category 2: Base TEC Allowance (kWh):                                                                                                                            | 14                    |
| Category 2: Functional Adder Allowances (kWh):                                                                                                                   | 20.5                  |
| Category 2: TEC of Model (kWh):                                                                                                                                  | 15.8                  |
| Notebooks, Desktops, Integrated Computers, Slate/Tablets, Two-in-one Notebooks, and Portable All-in-ones Category for TEC (Typical Energy Consumption) Criteria: | 2                     |
| Category 2: Operating System Name:                                                                                                                               | Windows 11            |
| Sleep Mode Default Time Upon Shipment (min.):                                                                                                                    | 10                    |
| Display Sleep Mode Default Time Upon Shipment (min.):                                                                                                            | 10                    |
| Will the Speed of Any Active 1 GB/s or Higher Ethernet Network Links be Reduced to Less Than 1 GB/s When Transitioning to Sleep or Off Mode?:                    | No                    |
| Ethernet Capability:                                                                                                                                             | No                    |
| Touch Screen:                                                                                                                                                    | Yes                   |

|                           |                                                   |
