

ENERGY STAR CERTIFIED

## Data Center Storage

### HPE - HPE MSA 1060 SFF Storage : HPE MSA 1060 SFF Storage

#### Specifications

|                                                            |                            |
|------------------------------------------------------------|----------------------------|
| ENERGY STAR Unique ID:                                     | 3555238                    |
| ENERGY STAR Partner:                                       | Hewlett Packard Enterprise |
| Brand Name:                                                | HPE                        |
| Model Name:                                                | HPE MSA 1060 SFF Storage   |
| Model Number:                                              | HPE MSA 1060 SFF Storage   |
| Storage Model Connectivity:                                | Block I/O                  |
| Product Type:                                              | Disk Set Online 2          |
| Storage Controller Configuration:                          | Scale-Up Storage           |
| Storage Controller Advanced Data Recovery Type:            | RAID                       |
| Capacity Optimized Method Available (COMs):                | Thin Provisioning          |
| Workload Optimization Type:                                | Streaming                  |
| Automated Storage Tiering Capable:                         | Yes                        |
| Automated Storage Tiering Enabled in Hardware on Shipment: | Yes                        |
| Markets:                                                   | United States              |
| ENERGY STAR Certified:                                     | Yes                        |
